

Data Link App For Android

Send data back to the office from the pasture!

Data Link is a free application for Android* that enables you to use your Smartphone to easily download data stored on your Tru-Test Bluetooth® enabled EID readers or weigh scale indicators.

- ✓ **Select a session file to email back to the office or send to another recipient.**
- ✓ **Open a session and review individual animal records on your phone.**
- ✓ **If you're not in 4G or Wi-Fi coverage, your transaction will happen automatically the next time you are, no need to check.**
- ✓ **GPS location of data download attached to emails (optional).**

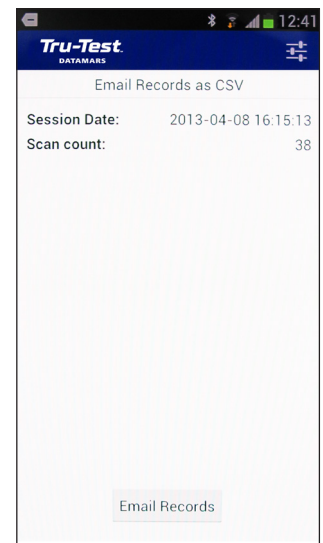

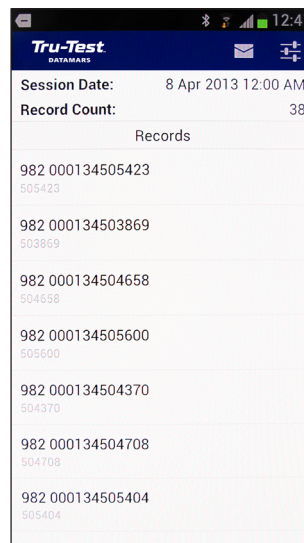

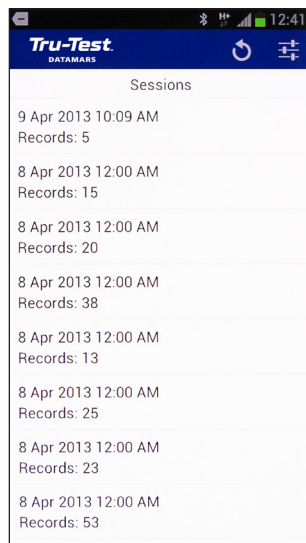

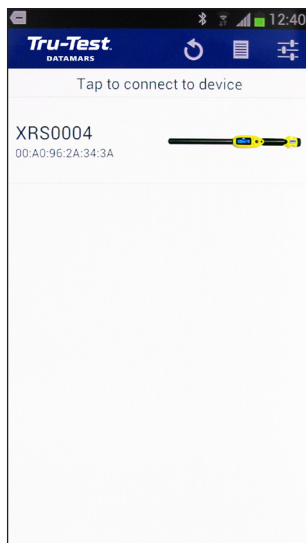

Download*

- Download FREE from the Google Play store. Scanning the QR below code will take you directly to the Data Link Google Play store page.

*IMPORTANT: Before downloading the Data Link app you will need to make sure you have email set up on your Android phone. See your phone's manual or set up menu, or contact your phone provider for further instructions.
