

# EziWeigh7i

## Weigh, Track, Act.

Efficiently record and track individual weight gain. Provides hard facts to help you manage your operation with greater certainty and profitability.

With the capability to record information against Electronic ID (EID) or Visual tags, you can easily capture and analyze individual animal performance and history. Replacing guesswork with facts, the EziWeigh7i displays live weight gain since the previous session, showing animal performance right there in the field.

Using its built-in Bluetooth® technology, the EziWeigh7i wirelessly connects to Tru-Test's EID readers, automatically transferring scanned ID's straight into the weigh scale indicator, saving time and improving accuracy. Alternatively, the animal's VID can be entered using the large and durable keypad.

The EziWeigh7i features Tru-Test's proven Superdamp™ III technology, enabling you to capture accurate live animal weights more quickly than any other weigh scale indicator on the market, even for the liveliest animals.

- ✓ **Identify top and poor performers by monitoring and comparing weight gains.**
- ✓ **Efficient information collection with wireless connection to EID readers.**
- ✓ **Maximize throughput with fast weight lock and auto weight recording.**
- ✓ **Rugged design for the tough agricultural environment.**
- ✓ **Easily download recorded information to your Windows\* computer, Android\* or Apple\* smartphone using Data Link.**

## Features and Specifications

ID capable	Records information against Electronic (EID) and Visual tags. VID numbers can be automatically cross-referenced with their EID match, saving you time and reducing data entry.
Wireless or tethered EID reader connectivity	Choose between wireless Class 1 Bluetooth® communication with EID readers up to 100 m away, or connect via cable.
Live weight gain	Calculates and displays an animal's daily weight gain since the previous session.
Capture traits or treatments	Record notes for each individual animal.
Memory and storage capacity	Stores up to 100 weighing sessions and 20,000 records.
Information transfer	Quickly transfer information through mobile devices (Android* or Apple iOS*) or computer (Microsoft Windows*).
Statistics	Summary statistics from the current and previous weigh sessions can be recalled in the field*.
Sorting capability	Sort animals into uniform groups or pens. Up to 3 groups can be created based on weight ranges.
Highly visible display	Large 5.2" (w) x 1.6" (h) reflective display with a super bright backlight makes it viewable in all conditions, from brightest daylight to darkness.
Superdamp™ III technology	Capture accurate live weights more quickly than any other weigh scale indicator on the market. The EziWeigh7i has improved weighing electronics to lock onto lively animals even faster.
Durable case	IP67 waterproof case with double walled construction and rubber corner buffers for extra durability.
Long life and fast charging battery	Over 15 hours of run time and only 3 hours to recharge. Charge with supplied mains power adaptor or USB.
Size	8" x 9.5" x 3" (205 mm x 220 mm x 74 mm)
Weight	2.7 lb (1.2 kg)

### EziWeigh7i Weigh Scale Indicator

Includes: Mains power adaptor, USB cable adaptor, mounting bracket, Data Link Software.

Part No: 829008 (SAP # 880 0000-474)
