

FastWeigh Sheep Crate

The Tru-Test FastWeigh Sheep Crate is extremely versatile and can be used in portable yards, in a race before the drafting gate and even on the back of an ATV!

Its unique design with no gates allows for fast stock flow whilst the FastWeigh squeeze mechanism holds sheep for fast accurate weighing.

Easy to move and easy to set up, FastWeigh makes light work of weighing sheep.

Fast, light, versatile and rugged.

Choose where to weigh your sheep.

- ✓ Fast. Open ended crate with no gates allows fast stock flow of up to 600 sheep or lambs per hour.
- ✓ Accurate. FastWeigh squeeze mechanism holds sheep for fast and accurate weighing.
- ✓ Durable. Integrated load cell cable protected within the frame.
- ✓ Reliable. Built in Tru-Test weighing sensors are protected from stock damage and ensure fast accurate weighing.
